

COLUMBUS KITTY ADOPTION CENTER

JULY / AUGUST 2010 NEWSLETTER

SOME OF OUR VERY SPECIAL CATS:

Sally is the clown of the shelter. She will do anything for the laser light. Smart as a whip, she knows her name and comes when called. Not the prettiest, but cute as the dickens. And did you notice her extra claws – she is a polydactyl.

Mason and Dash, beautiful tigers, are brother and sister. They had lived with a family until an issue forced them to be given to the shelter. Mason and Dash were very confused and frightened at first but have accepted their plight and ask everyone who comes to adopt them together. They make such a lovely pair and would be great in any home.

Sable and Beauty are from a group of cats all from the same family dumped at the shelter in terrible condition. Covered with fleas and malnourished. This is totally unacceptable and against policy but we had the room at the time; not now, and could take them in. They all proved to be wonderful cats and 4 have been adopted leaving Sable – who looks like an exotic Burmese and Beauty – a beautiful tabby tiger. They are very deserving of homes.

GOOD NEWS FOR ALLERGY SUFFERS

You no longer have to forgo the loving companionship of a pet cat(s) due to allergies. **Allerpet** is a solution that you wipe on your cat up to 3 times a week to remove sebaceous gland secretions, saliva and loose dander which causes allergic reactions. This product is highly recommended by our volunteers who have had success with its use. **Allerpet** can be purchased online.
